Experience a tour around the Skeena / Kalum or Kitimat Valleys with breathtaking views of rugged snow capped mountain peaks, lush green rainforest valleys, high alpine lakes and meadows, glaciers, waterfalls and blue-green rivers.

Our fifteen minute “Mt Vanarsdoll” tour is popular with tourists as well as locals. The helicopter tour shows you an amazing alpine lake and returns along the Kalum River. There is a very good possibility of sighting wildlife with this tour as the pilot will fly to some popular goat habitat and along the river to see salmon and eagles.

Our thirty minute “Glacier” tour is amazing!!! The tour takes you to Sleeping Beauty Mountain and returns along the Kalum River. The glaciers are incredible and the tour is a must for anyone wanting a once in a life time experience and some awesome photos!!

Custom tours are available upon request. Just let us know where you would like to go ahead of time and we would be happy to discuss possible routes.
